Princia attends Florida Southwestern State College, with a major in Nursing. She is the daughter of Leonne Dumorne, a server in our Food and Beverage Department. Her goals? "I plan to become a pediatric nurse practitioner, with the hope of leaving a huge impact in my community and setting an example for future generations.

The Bentley Wings scholarship has not only given me financial support to attend college, but it has shown me there are people who care for you and want to see you succeed. It has also given me motivation to work hard, achieve my academic goals... and that anything is possible."

With a goal of obtaining her PhD in Counseling Psychology, Britney plans to open her own practice." I would like to counsel teenagers and emerging adults within marginalized groups," she says.

Ludmie Cesar

Ludmie is the daughter of Betty Bernard, a part-time nurse at Bentley. She is attending Florida Gulf Coast University in a Pre-Nursing program. Her goal is to become a Certified Registered Nurse Anesthetist, qualified to practice both in and outside the United States. She intends to be involved within the community around her wherever she lives.

She says, "My family and I are more than grateful for the financial relief the Bentley Wings Scholarship has provided us. It has been, and continues to be, a crucial factor that helps me carry out my dreams. Having academic goals without the means to accomplish them is scary, but with the opportunities this scholarship has provided me, I can stop worrying and apply myself to my studies."

"My goal is to pursue upper-level education and contribute to research in various aspects within psychology," he says.

What does the scholarship mean to Samuel? "The scholarship from the Bentley Wings program means that I can pursue my goals. Before this scholarship I had to think about whether I could even attend college. My father was struggling to support my family, as my mother couldn't work. Once I received this scholarship, I was confident that I could get through college without having to rely on the financial support of my father. I will be eternally grateful to the Bentley Wings program and those who donate to its fund. This scholarship means that I can attend college without worrying about the burden it would have put on my family."

That's because my mother is also putting two of my siblings through school." She adds, "This is why I work as hard as I do to achieve my goals."

Welcome Ken as Bentley Village Foundation's New Corporate Secretary

We are pleased to announce the election of Ken as our new Corporate Secretary. Ken brings a wealth of experience in corporate law, having practiced for over 45 years in Southwest Michigan after graduating from the University of Michigan's Law School in 1966.

Throughout his distinguished career, Ken has represented a diverse array of privately owned businesses and trade associations in the Detroit area. He also took a mid-career break to become an owner and manager of several successful businesses. Notably, Ken served as the non-executive Chairman of a managed healthcare company with 450,000 members, where he skillfully navigated complex conflicts between healthcare executives and medical professionals.

While Ken has formed several 501(c)(3) entities, he acknowledges that he does not have recent experience with IRS regulations and emphasizes that he will not act as the legal counsel for the Foundation. Instead, he is committed to collaborating with our existing outside legal counsel.

In addition to his professional accomplishments, Ken has been actively involved in his previous community on Sanibel Island for over 20 years, serving on various boards, including those of the Golf Club, HOA, and Condo Association. We are excited to have Ken on board and look forward to his contributions to the Foundation's mission.
